## DO NOT DAMAGE PROPERTY

There has been some evidence of property damage here on the Campus. Some students at Wrangell have been pulling up the little trees that were growing in many places around the buildings. In some instances the fences that are around the dorms and the school have been broken by students.

In all of the buildings it is noticed that windows have been broken by students.

It seems, though, that there has been a decrease in students damaging property over the last few weeks. Maybe this will continue until the end of the school year.

### NO MORE HIKES

There are no more hikes for the boys for a long time now. The reason is that some boys were not using it as they were suppose to. It was really good to go out on a hike. It was something to do rather than stay in the dorm. Once on a hike, Leonard, Rudy, Gary, Wilfred, and I went up to the waterfalls. It was not very hard going up, but when we were coming down we started running and couldn't stop because the trail was steep. As we were running, Wilfred was going to take a short cut over some logs, and accidentally kicked a log that was lying on the ground, at the same time he lost his balance and fell down and bumped his head on a stick. When he got up he felt his head and looked at his hand. There was some blood on it. He called us and we told him there was a lit-cut on his head. Even though one of us got hurt, it was a nice hike.

### MRS. ROGERS SUBSTITUTES

Mrs Rogers was the English teacher this past week, while Mrs. Dow was away at Juneau at a meeting.

All of the students surely missed Mrs. Dow, but we were glad that we had an English teacher.

### GROUND HOG'S DAY WAS HERE

February 2 is Ground Hog's Day. On this day, it is said, that a woodchuck emerges from his hole in the ground to see if the winter is over. If he sees his shadow, he will go back into his hole and sleep for six more weeks as a sign that in six weeks spring will be here. But if he doesn't see his shadow, he'll stay out of his hole as a sign that spring is here.

### WRANGELL PEP BAND PLAYS

The Wrangell Institute pep band has been going down town each time our basketball players go for a basketball game.

They play fight tunes or songs for our basketball players.

The band students practice with their instruments four times a week down in the band room during the 7th period.

Wrangell Eagle, February 1967

Dear Students,

Thank-you so very much for sending me the Wrangell Eagle. The Edgecumbe students look forward to the copies we've been getting every month and I'm sure you all do your best to get it published. I tell you I would've done anything to go back to Wrangell this year and was very disappointed when I didn't.

As a former Wrangell Cheerleader I congratulate all the new ones. I might be late but it's better late than never but it's better late than never. Girls, Cheer the Eagles on! And students, back them up. I hope you all can do better than last year.

I am sure all you students are over your homesickness by now so study real hard then you can go on through High School. I'm sure most of you will want to come here next year, and I'm telling you it's quite a difference. You will find Mt. Edgecumbe has a bigger campus and everything.

Before I close I'd like to ask if some of you students could write me a letter some time? I'll be looking forward to the next issue of the Eagle!!

## Who's Who?

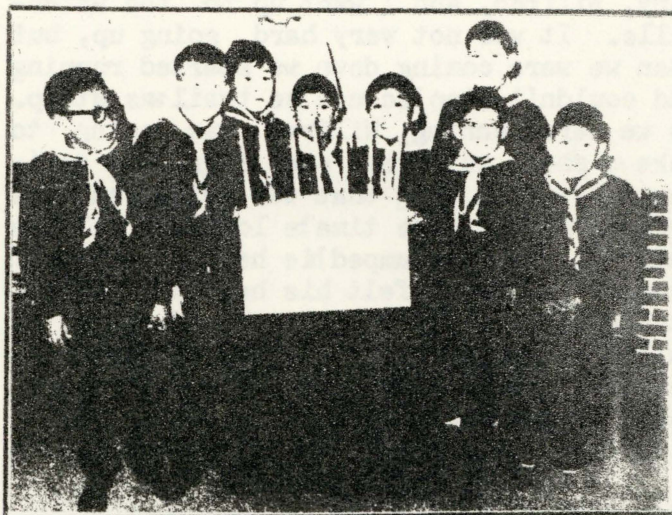

William Hall

This particular girl is from Nondalton and has black hair and black eyes. She is very smart and courteous. She is also in the A.V. Club and is well known around campus. It is hard to tell what kind of dance she likes best because she does both the jerk and the waltz. She is usually seen with J.A. and E.A. She has a very good personality.

WHO DO YOU THINK SHE IS????

The boy I am going to write about is in the A. V. Club, has black hair and black eyes. He is very intelligent. He is on the basketball team and is usually seen with F.W. Hardly anyone can tell his favorite dance because he seldom goes to dances. He is also well known around campus, and has a very good personality.

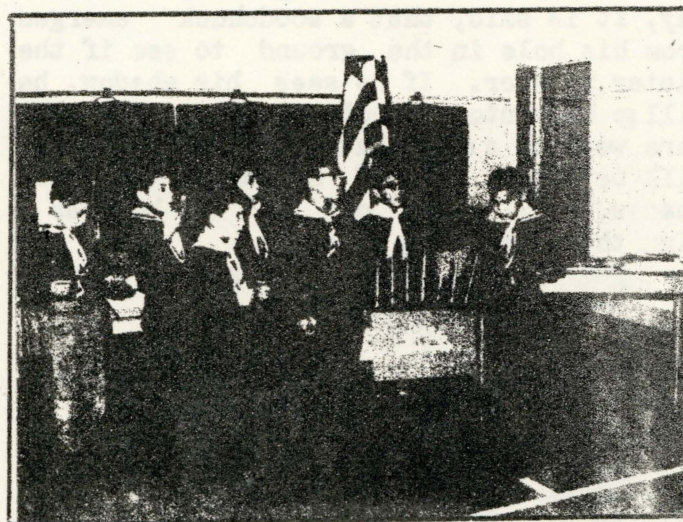

WHO DO YOU THINK HE IS????

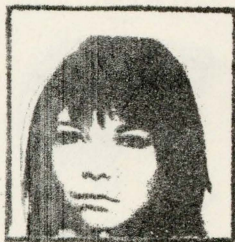

### Cub Scouts Meet

Cub Scouts Dens 9 and 10 sponsored by Mrs. Betty Heflebower and Mrs. Judy Fisher, are shown as they met in the Wrangell gym along with other Cub Scouts of Pack 33 and their parents.

Dens 9 and 10 are pictured with candle holders made as their treasures and presented at the meeting.

### BAND IS FUN

There are about 25 band students. Some of the students are now joining the band. It is lots of fun when you know how to play the instrument you are playing. My instrument is called a trumpet. It is lots of fun playing the trumpet. On Friday or Saturdays we go to town in the school gym and play when our team is playing with the other team.

Mr. LaMarr is our band teacher. He is a good band teacher. Every Monday through Friday we practice in the music room. Sometimes we don't practice when the teachers have a meeting or when the chorus practices. We practice at 3:09 in the afternoon.

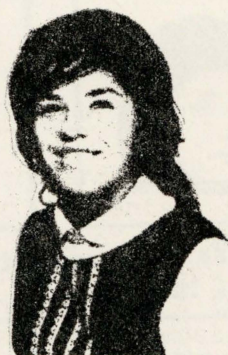

Tonight we are going to play again in the school gym. We get to go free. We are practicing new pep music. I hope to learn them fast.

## HOW LUCKY ARE YOU?

Do you carry a rabbit's foot or a four leaf clover to bring yourself luck and good fortune? Do you think a lot about how you can get lucky and get the things you want? Do you daydream about the things you want?

If you have been depending on a rabbit's foot, a four-leaf clover, daydreaming, or wishing to get what you want, you will probably be disappointed. You can sit and day dream about an A in math, but you won't get it unless you get busy and study. You can carry a rabbit's foot all of the time and expect to find a fortune, but you won't get anything unless you are willing to get out and work for it.

To get these things you want you will have to work and try hard. You must do your best. You will soon find THE HARDER YOU TRY, THE LUCKIER YOU GET.

## A NEW APPROACH TO ORAL REPORTS

Mrs. LaMarr, the reading teacher, believes we learn from each other, and she is assigning two students a week to teach a reading lesson.

Students can use the duplicating machine and prepare their assignments. She will help us construct our lesson, but we will present it to the classmates. Some students are teaching a lesson just like they had in their village. The students aren't so shy, because they will not work by themselves. Some students were eager to do this assignment, but some are scared.

## RHYMING SOUNDS

by alexie henry

When I am sitting by a pool  
I'm simply thinking about a spool.  
For once I was in a whirl,  
In love about a lovely girl.

When I'm in school, I  
goof and fool.  
But when I am really in  
a spell  
I do my homework very well.
